ANDERSON BLOCK TO BE REMODELED FOR BUS STATION

Bus Station To Eliminate
Stops On Main St. And
Relieve Traffic

Complete plans for a new bus terminal, as well as other improvements in the Anderson block, Ellsworth and Roosevelt aves, were announced Tuesday by A. M. Grice.

The Anderson estate will thoroughly remodel the block at once and Grice hopes to have the bus terminal ready by Feb. 1, if possible.

The present bus station on Ellsworth ave, operated by Grice, will be discontinued. The corner room of the Anderson block, now occupied by the Salem Tire & Supply Co., will be given over to the new bus terminal, according to plans.

Grice will operate a lunch room and confectionery in addition to being bus terminal manager. There will be public ladies' and men's rest rooms in the terminal and there will also be a shoe shine stand.

Establishment of this terminal will mean the elimination of all but one bus stop on Main st, and this is something the safety department has wanted to accomplish for a long period. At the present time the constant stopping of busses at several places on Main st, interferes seriously with traffic.

New Store Rooms

Tickets will be sold for all busses at the terminal. Busses will park on Roosevelt ave in front of the terminal. Only two stops will be made by east bound busses, at the terminal and on Garfield ave, north of Main and Lundy and to discharge and take on passengers only at the terminal. No passengers will be taken on at any place along Main st.

A. W. Stoner, manager of the tire supply shop, will move into the rooms now occupied by Dr. J. M. McGeorge, who will move his office upstairs. An addition will be built to the west part of the building to be used by Stoner as a gasoline filling station. This addition will be erected where the barber shop formerly stood, and which was recently moved away. A drive will circle the building from Roosevelt through the filling station over to Ellsworth.

On the Ellsworth ave, side of the block two new store rooms will be opened. Names of the tenants have not been given out but it is understood a battery service station and a florist's shop will take the store-rooms.

The third floor will be made over into two modern apartments. Remodeling of this building will constitute one of the most important changes in the downtown district in a long period.

According to a report from Youngstown the P-O bus company, which operates most of the lines out of Salem, may build a sub-warehouse here next to the Anderson property to take care of repairs to busses and also for storage of busses for emergency.

She Won't See Gotham's Santa

Patsy Ruth Miller won't get to visit Santa Claus in New York. Just as she was about to step on the New York train she was offered the lead in "A King of the Turf," to be filmed in Hollywood. Now she'll have to do her Christmas shopping on the west coast.

STATE INSPECTOR WATCHES REPAIRS AT SEWAGE PLANT

Changes Made By Rinehart
Praised By Ohio Health
Dept. Official

Salem's sewage disposal plant is being carefully watched by the state department of health.

At the present time the repair of two beds is in progress, one of the beds being practically finished, and the other nearly half done.

This repairing the state is watching, of course, but one of the chief things the health chiefs are watching is the functioning of the beds cleaned out during the summer by Service Director F. A. Rinehart's men, according to plan mapped out by himself and approved by council and the state engineers.

An inspector from Chief Engineer W. H. Dittus' office was in Salem last week, unknown to practically everyone in the city. Rinehart came across him looking over the beds and made an inspection with him.

Rinehart says the inspector praised the results obtained at the plant and said a very good effluent is coming from the plant. This effluent, which goes into the creek, was the cause of the damage suits filed against the city each year. Instead of black stuff, the effluent is now fairly clear and free from much odor.

A reliable report has it that only about 12 disposal plants in Ohio are working right at present, and the state department is very much interested in these plants.

Although he has made much progress at the plant, Rinehart wants to put it in the best possible condition. There are still many improvements to be made if there is sufficient money next year.

Bell, Operated By Fog, To Warn Ships

La Rochelle, France, Dec. 8.—An automatic bell signal to warn ships of fog, which is operated by fog, is being tried out in the harbor here.

The invention consists of a beam of light and a photo-electric cell. The light is set up on one side of the channel and focused on the bell which contains the photo-electric cell. When the beam of light fails to reach the cell, it causes the bell to ring.

Divorced Wife's Non-Support Charge Fails; Man Wins Case

A woman, legally divorced from her husband, but who has gone back to his home without re-marriage, cannot sue him for neglect and non-support.

That is the ruling handed down by Justice of the Peace Charles Bonsall in his court late Monday afternoon in the case of Mettie Felix of Cleveland, a sister of John J. Felix of Salem, formerly of Cleveland.

The woman charged Felix with failure to provide the necessities of life during the past three months and had him arrested by Constable Earl Ritchie. The affidavit also charged Felix with the support of another woman, unnamed.

NEW TRANSMISSION LINE BEING BUILT BY POWER COMPANY

Lighting Co. Will Operate
Two Transmission Lines
Into This City

WORK STARTED ON
THE SECOND LINE

Will Prevent Interruption
Which Lasted Three
Hours Monday

On the heels of a three-hour interruption of electric power in Salem Monday afternoon, came the announcement Tuesday by E. F. Hauser, manager of the Salem Lighting Co., that the P-O Power & Light Co. is building a second transmission line into Salem that will protect the city from long interruptions of power and provide a greater electric loan for the city's needs.

A severe short-circuit developed in the substitution of the P-O company at Columbiana shortly before 2 p. m. Monday. This in turn damaged the protective apparatus at the Boardman substation and considerable time was spent in locating the defective equipment. When this was discovered, service was resumed within a few minutes.

Two months ago, Mr. Hauser stated Tuesday, the board of directors of his company authorized the expenditure of \$175,000 to build a second transmission line to Salem from the Boardman substation by way of Canfield and Greenford. All the material has been ordered and a large part of it has been received.

Work of constructing this line has started between Canfield and Salem and it will be rushed to completion. Many of the poles already have been placed.

This will give Salem two distinct power lines in operation all the time. It will serve to cut interruptions to the minimum and if one line is in trouble, the other automatically will pick up the load.

This announcement indicates that the company is endeavoring to give Salem the best possible electric powerservice, for few cities in the country the size of Salem have two transmission lines. Manager Hauser and his force of repair men traced and retraced all the company's lines Monday afternoon in an endeavor to find the trouble and restore service as soon as possible.

During the interruption work in manufacturing plants was halted and business continued at a disadvantage. Local merchants attempted to serve the Christmas shoppers by the aid of candle light. Operations at The News office ceased when the power went off, making the delivery of papers exceptionally late.

MAYOR SUSTAINED IN RODGERS CASE

Salem Man Fined Year Ago
Loses His Appeal And
Must Pay \$600

The decision of Mayor George E. Russell in fining John Rodgers \$600 and costs on a charge of "possession" January last, has been sustained in an opinion just handed down by Judge James G. Moore in common pleas court.

Rodgers was arrested on an affidavit filed against him Jan. 2, last when he was located at No. 10 Depot st, Salem. He was given a hearing before Mayor Russell, convicted and fined.

Notice of appeal was given by his counsel, and a bill of exceptions was certified and filed with the clerk of courts Feb. 14.

In affirming the decision of the lower court, Judge Moore has also given the city of Salem judgment for its costs against Rodgers.

KNIGHT WOULD BE CANDIDATE UNDER POPULAR DEMAND

Akron Publisher Wants No
Strings Attached To
His Candidacy

Cleveland, Dec. 8.—Charles L. Knight, Akron and Springfield publisher, would accept the Republican nomination for governor in 1926, if it came to him "without any conditions attached to it," but he is "not seeking the governorship nor any other office."

"This was made clear today in a letter he sent to C. H. C. Blue, chairman of the Republican central committee of Shelby county, in declining an invitation to attend a dinner to be held at Sidney, Dec. 16, because of a previous engagement.

"I regret to say," Knight wrote, "it will be impossible for me to attend owing to another engagement. However, as the program seems to be to jot out candidates for governor and look them over, I hardly think I would fit in the picture. I am not seeking the governorship nor any other office and whether I am a candidate or not will depend wholly upon whether there is a substantial demand for it, unmanufactured by myself."

Knight declared that he was interested in the welfare and success of the Republican party. "I want to see it," he wrote, "free itself from all entangling alliances with the groups and factions that have been the bane of both parties. I want to see our party here in Ohio re-dedicate itself to those principles of good government which once gave it the entire confidence of the people. No better time could come than the present when a sound and wise president is pointing the way back to simple government freed from the curse of bureaucracy, which inevitably leads to state socialism."

Knight's probable platform has already been outlined. Abolition of many of the present state boards, return of control of government to the people at home, and opposition to the domination of such organizations as the Anti-Saloon League and the Ku Klux Klan have been outstanding features of his speeches.

Girl Cut When Auto Crashes Into Wagon

Sarah Leimbach, nine-year-old daughter of Dr. and Mrs. Leimbach of Greenford, was bruised in the Salem City hospital Monday night suffering from lacerations to her face, the result of being hit by flying glass in an automobile accident that evening. She left the hospital after her wounds were treated.

The little girl was with her father when the accident happened, on a road between Columbiana and Greenford. The doctor was driving the car and collided with a horse and wagon when blinded by lights from another machine. His machine was badly damaged.

Funeral Rites For Moore On Thursday

Youngstown, Dec. 8.—Funeral services for E. H. Moore, Democratic National committee man, who died Sunday night, will be held Thursday, Dec. 10, at 2 p. m. at St. Peter's church. The body will lie in state until the hour of the funeral.

\$169,347 REQUIRED FOR OPERATION OF SALEM'S SCHOOLS

Teachers' Retirement Fund
And Bonds And Interest
Total Over \$56,000

BUDGET ALLOWED
BY COMMISSION

Balance In School Funds
Here While Others
Are "Broke"

Salem public schools will receive a total of \$226,298 for the operation of the schools and public library for the fiscal year starting Jan. 1, 1926, according to a letter received by Clerk Albert Hayes of the board of education from the budget commission of the county.

Of this amount \$169,347 goes into the general fund which is the operating fund, in the main, of the schools. The balance is made up of \$45,014 for bonds, interest and sinking fund; \$4,980 for the teachers' retirement fund and \$6,957 for the public library. Library funds are always listed with school funds administered by a library board of trustees.

The amount which the budget commission has certified is practically what was requested by the board in its budget for next year. The board asked for only a necessary amount, and the commission cut the budget but a small amount. Comparative figures cannot be cited however, for the returns as cited in the letter over the entire year 1925 instead of the school year to September.

No Shortage Here

Salem's schools stand almost alone in this part of Ohio in finances. The funds have been wisely administered, frills have been clipped off, and as a consequence, when dozens of schools are nearly broke, and some in Williams county are not running, the Salem schools will enter 1926 with a favorable balance.

In this balance, Clerk Hayes reports, is not large, and the exact amount will not be known until late this month, but it will be a balance, enough to start the new year on.

It is believed this balance, which the budget commission took cognizance of, will offset part of the cut in the budget made by the commission, so that there will be no danger of a deficit next year, though it is admitted by the board that there can be few extras and careful pruning must again be the order for next year. Improvements that are necessary have been and will continue to be made when possible.

This letter from the commission was discussed at the meeting Monday night.

Suggests Improvements

Supt. J. S. Alan suggested that the last two improvements of their kind which ought to be made in 1926, namely new toilets for Fourth st, and McKinley schools, and if possible a centralized heating system for Fourth st, be taken care of if possible.

During this year schools lighted by gas were changed to electricity; new toilets were installed at Columbia and Prospect, and other like improvements were made. Fourth and McKinley are the two remaining using old time toilet systems.

The board decided to ask for bids for the depository for school funds and book depository.

Supt. Alan stated that he believed the community since Christmas eve should be held in the auditorium instead of outside, and the board approved this suggestion. The superintendent said he will try to get a short Christmas season motion picture to show free during the slugs.

EXAMINER PRAISES EDUCATION BOARD

Finding Against Treasurer
Of Library Shown In
School Report

In accordance with a ruling June 17, 1925, by Atty. Gen. Crabbe, that public library treasurers are not entitled to compensation, Miss Virginia Dowds, state examiner, has returned a finding of \$75 a year against W. E. Corey, treasurer of the Salem Public Library.

The report of the examiner was read at the board of education meeting Monday night. Though the schools have no supervision over the library, the library is still included in school reports for technical reasons only. The library has its own board of officers.

Other findings included in the examiner's report are against the board of education. There is a finding for \$1 overpayment to F. D. J. H. Campbell book store and an overpayment of \$6 to Daniel O'Neill. These two findings are merely book findings.

The examiner in the main issued bouquets to the board of education and found the books to be in good shape. Concerning Clerk Albert Hayes' books the examiner says:

"The clerk is to be commended for the neat and accurate manner of keeping his records."

Congress Is Warned Against Encroaching Upon State Rights

President's Optimistic Message Also Sounds
Warning Against Any Spending Spree
Or Drastic Legislation

Washington, D. C., Dec. 8.—President Coolidge informed congress today that the state of the nation is uniformly good—that the country is in the midst of peace, progress and prosperity, and that the best way to continue along this pleasant road is for the congress to refrain from any pending episodes of drastic legislation.

Accompanying this optimistic message was a series of recommendations, touching upon almost every line of governmental activity, at home and abroad, and all designed to keep the American ship of state moving in present channels.

The president's chief warning to congress was to refrain from any further encroachments upon the rights of states to regulate their own affairs. There is danger, he said, of centralizing too much authority in Washington.

"Local self government," the president declared, "is one of our most precious possessions. The wisest policy is to leave the localities, so far as we can, possessed of their own sources of revenue and charged with their own obligations."

The amount which the budget commission has certified is practically what was requested by the board in its budget for next year. The board asked for only a necessary amount, and the commission cut the budget but a small amount. Comparative figures cannot be cited however, for the returns as cited in the letter over the entire year 1925 instead of the school year to September.

MAVBE BUSES WILL INCLUDE BATH ROOMS

Cleveland, Dec. 8.—Cleveland Heights council has before it an offer to provide reserved seats in busses for passengers from the exclusive suburb at a charge of 25 cents.

The offer made by President John J. Stanley, of the Cleveland Railway company, met with the counter suggestion by Manager Cain that break fast rooms and hot water for shaving also be provided.

Congressman Gets Stay Of Execution

Cincinnati, Dec. 8.—The U. S. court of appeals today has granted the petition of Congressman Linsley of Pikeville, Ky., for a stay of the mandate of that court affirming a two year sentence in Atlanta penitentiary on charge of conspiracy to violate the Volstead act. This will give Linsley an opportunity to seek a review of his case by the United States supreme court.

Rev. Gregg Guilty Says Federal Jury

Cleveland, Dec. 8.—Rev. Albert Sidney Gregg, superintendent of the American Civic Reform Union, convicted in federal district court late yesterday on three counts charging sending obscene matter through the mails, will be sentenced tomorrow afternoon.

The maximum penalty is 15 years in the penitentiary and \$15,000 fine.

up his subjects one by one and presented his recommendations, chief of which were:

TAXATION—The new tax bill, cutting income taxes approximately in half, should be promptly passed. "While approving the bill 'in principle,' he declared it goes further than he would have gone in increasing exemptions, but largely it is a road bill and should be passed by March 15.

Air Service Views

AIR SERVICE—No radical change in the organization of the nation's air service is needed, Col. Wm. Mitchell to the contrary. He endorsed the Morrow Board report, recommending three new assistant secretaries in the departments of commerce, war, and navy, to handle air service matters, creation of two additional brigadier generals in the army air service, and slight modification of the promotion scheme in the service to allay the discontent of flying officers.

"Our country," said the president, "is not behind in the art of flying."

DISARMAMENT—The Locarno peace pacts constitute a great forward toward world peace and their natural corollary is further reduction of the world's armament.

America is willing, as always, to call another international armament conference, but at this time the chief problem is armies, not navies, and it is only in Europe that the large armies are to be found. Thus, the question is considered largely European and for Europeans to solve. Any steps in this direction will be given American encouragement.

While always willing to co-operate and participate in any sensible move looking toward armament reduction, the United States "would not care to attend a conference which from its location of constituency

AUDITOR ASSERTS KIRBY FALSIFIED

Government Concludes Its
Case Against Discount
Company's Head

Cleveland, Dec. 8.—The government closed its case at recess today in the trial of Josiah Kirby, former head of the Cleveland Discount Co., charged with using the mails to defraud.

The last government witness called was J. S. Egan, government auditor for the Department of Justice, who has spent two years examining the company's books.

In his testimony, Egan brought out that the statements of the Cleveland Discount Co. in question were false, according to his check. His findings showed deficits one year of \$2,000,000 and another year of \$4,900,000, he said, while the company's statements showed a surplus in both instances.

Egan's testimony concludes the government's direct examination of witnesses and the defense attorneys were to take up the rebuttal when court reconvened after recess.

Harvey Is Misled British Comment

London, Dec. 8.—British editorial comment today expressed little concern over the predictions of Col. George Harvey, former British ambassador, that the United Kingdom was close to financial disaster and would shortly default its payments on its debt to the United States.

"Col. Harvey has been misled by our own pessimists," the Westminster Gazette said.

The Graphic, adopting a somewhat stronger tone, declared, "We may be poor but America need not fear for her dollars. We are too proud to default."

The Express stated that "Harvey is mistaken together with many others. Julius Caesar started it in 55 B. C. shortly after he had arrived in England he wrote home that England is finished, well, England is still here but where is Caesar?"

The more serious Daily Mail admitted that all is not well with England. "We don't say that British trade at the present moment is as it should be," the newspaper said. "But we do say there is no shadow of an excuse for despair or despondency. Mr. Harvey's tears are quite premature."

PUPILS HEALTHY NURSE REPORTS

Miss Lewis Advises School
Board All Children
Gain In Weight

Public school children of this city have gained in weight since the opening of school. Miss Nellie Lewis, school nurse, has found in checking up, her report, handed to the board of education Monday night, shows.

This weight gain was a general one, most pupils showing an increase. Last month there were two new cases of scarlet fever and several cases of chickenpox, Miss Lewis states.

The balance of the report is as follows:

Number of visits 44; number of classroom inspections nine; class talks seven; treatments at schools 95; number of home visits 76; pupils taken to doctors eight; physical examinations by doctors 230; exclusion, colds 13, sore throat three, impetigo one, pediculosis 11, conjunctivitis one and exposure to scarlet fever three.

Other reports given to the board by organizations were:

High school athletic association balance Dec. 1 was \$1,447.26; "The Quaker" balance is \$402.13; sophomore class balance \$11.27; junior class \$4.76; senior class \$214.85; profit on "Wizard of Oz" picture for High school radio \$209.71, profit on "The Boomerang" picture for McKinley school \$220.91.

ONE WAY TO BRING CHEER

Postmaster General Harry New's announcement that there will be no mail deliveries on Christmas day and that all postoffice employees other than those whose duty it is to handle transfer and special delivery mail will be given a full holiday has met with general commendation.

The postmaster general's announcement means that, for the first time in many decades, the great majority of postoffice employees will be given opportunity to spend the entire day with their families and share with their enjoyment of the glad holiday as do their fellow citizens.

Previous to the year, 1923, Christmas meant only extra labor to post office employees rather than a day of festivity. That year, mail deliveries in urban centers ended at noon and there were no rural deliveries. This gave employees opportunity to enjoy their Christmas dinners at home, and proved so successful in every way that last year the order went out to deliver mail only until 11 o'clock. But, good as it was compared with what had gone before, it was but a half loaf at the best. The postmaster general appreciated this with the result that this year postoffice employees will get the full day free from the work and hurry and turmoil incident to the handling of the Christmas avalanche of mail matter.

To make the full holiday possible and at the same time work no disappointment growing out of non-delivery of Christmas mail to the public, the postoffice department urges early mailing. In other words, the public is asked to co-operate that it may not suffer as a result of this boon to the postoffice employees. The postoffice department wishes to be in position to clean up all Christmas mail by the regular deliveries of the day before. But we would have the public go even further than that. We wish that it were in our power to lighten the load of all postoffice people the day before all over the country. That is beyond the scope of suggestion on our part, but we do hope that all to whom this may be of their utmost to see that such mail as is to be delivered within the territory covered by our circulation will so send it that the postoffice employees of that territory will not be so tired and worn out by their labors of the day before as to mitigate against the fullest enjoyment of the holiday.

Christmas is the holiday of all holidays in this land of ours. Let us strive to make it this year the holiday of all holidays for the postoffice workers.

ELECTRIC POWER

For the second time within recent months, Salem was without electric light and power for several hours Monday as the result of a mishap on the lines of the Salem Lighting Co., leading from its power plant to this city. The first long interruption fortunately did not interfere seriously with the operation of manufacturing plants and business and industry to a great extent, coming as it did in the middle of the afternoon. Such interruptions mean great financial loss throughout the city and although damage from the elements and some accidents are uncontrollable, there is a way to afford this city better power protection and the Salem Lighting Co. ought to take immediate steps to afford such protection in cases of emergency.

Those who opposed electrification of the waterworks pumping station are publicly gloating over the lighting company's misfortune. "See what would have happened to our waterworks system had electrically-driven pumps been installed instead of the steam engines," they shout, with the satisfaction of one who has really said something. But such a remark is direct misrepresentation and the one who is saying it today, while he makes note of power interruptions for future reference, knows that he misrepresents the situation. When the electric proposal was made, the lighting company offered to operate its auxiliary plant in Salem, or build an auxiliary line to protect the city

in case of any prolonged trouble with the transmission lines leading into the city. Under that agreement, Monday's interruption would not have affected the waterworks plant.

What is needed in Salem today is the protection for the entire city that was promised for the waterworks plant. The Salem Lighting Co. owes Salem's business and industrial power consumers this additional service—either the operation of the Salem plant as an auxiliary unit to the present power line or the linking up of another line which can be turned on in an emergency. The service in general is better than the city ever has had, but more industrial plants are dependent upon electric power than formerly, and they should be well protected.

Policewoman

By FREDERIC J. HASKIN

Washington, Dec. 8. — A vigorous campaign is being waged by the International Association of Policewomen to educate the public to a better understanding of the work of the policewomen. It is also striving to bring before communities the importance of such work when it is properly organized.

This association was organized in 1915 by a group of policewomen with a view to standardizing their qualifications and their work. The original constitution set forth at length the standards of the association, specifying among other things the use of policemen chiefly for protective and preventive work, the employment of professionally trained women, the establishment of courses of instruction in universities or schools of social work, and the keeping of proper records.

The revised constitution gives as the object of the association "to fix standards for the service of policewomen, to secure the appointment of qualified policewomen, to encourage the establishment of women's bureaus in police departments, and to promote such service international."

Policewoman movement has met with many vicissitudes, and has had many prejudices to overcome. Even now there are many places where the police department looks askance at the employment of women in any other capacity than matrons or clerks. In one large eastern city there are several policewomen attached to the department but they are viewed by the head of the department in much the same light as the proverbial "red-headed stepchild." They have no power and are not organized in a manner conducive to efficient functioning. As someone telling of them said, "they are the most miserable lot of women to be found." And the department flatly announces its opinion that women on the police force are failures.

There are, however, at the present time policewomen in approximately 118 cities in the United States. The way in which these women are used varies. In some places they are distributed to the detective squad, the vice squad or the bureau of missing persons. The International Association of Policewomen feels that the best results cannot be obtained when these women are attached to the various precincts along with the men. It has been found that many times when this is done the work of the women gradually becomes nothing more than acting as matrons or doing clerical work.

The association believes that the most successful method of organizing policewomen is by establishing a new type of bureau, headed by a trained woman. Two outstanding examples of this method are Washington, D. C. and Detroit, Mich. In the latter the satisfactory service of the bureau was recognized by an amendment to the city charter providing the director with the title of deputy commissioner.

Questions And Answers

By FREDERIC J. HASKIN

Come to the headquarters for information. Our Washington Bureau is a clearing house of information. It makes available valuable data in the vast storehouses of fact at the National capital. Here the keenest efforts, the broadest learning, the most expert technical skill, are turned day in and day out, on every problem confronting the American people. Problems of the household, problems of business, problems of the city. Questions of opportunity, of legislation of travel, of science, and countless others are studied in the federal laboratories and in the field, by experts, with the backing of the richest nation on earth. All this work is being done for you by your government and you are entitled to the benefit of its results. Our Washington Bureau is the medium through which you can gain all this valuable knowledge. It will procure for you any information on governmental affairs that you may ask for. There is no charge of any kind for this service. The sole requirement is that you enclose two cents in stamps with your query for postage on reply. Address: The Salem News Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. Please settle an argument. Which are the drumsticks, of a fowl, the legs or wings? W. W.

A. The drumstick is the lower joint of the leg of a dressed fowl.

Q. How long does it take to dress and dye fur-seal skins. L. B.

A. More than one hundred distinct processes are involved in treating each skin and the minimum time requires approximately 60 days.

Q. When was the last Hudson Fulton celebration? C. F.

A. It lasted from Sept. 25 to Oct. 5, 1909.

Q. Should iron supports be used for radio aerials? H. J. A.

A. The Loomis Radio college says that while it is generally believed that iron in the vicinity of an aerial absorbs some of the energy, iron supports are frequently employed for this purpose on account of their mechanical advantages. Observe the lattice steel towers used by all the large broadcasting stations, where receivers are also installed as required by law. The aerial should be well insulated from the iron pole and swing a few feet away from it by a stout rope. The other aerials should run as nearly as possible at right angles to each other. If they are one above the other in the same direction they will rob each other quite noticeably.

Q. Can ashes of burned money be redeemed? A. S.

A. Ashes of burned money can be analyzed and redeemed.

Q. In "The Two Gentlemen of Verona," I find the phrase "to their instruments tune a deploring dump." What does "dump" mean? A. C. S.

A. The term means a mournful piece of music.

Q. Is it correct to say that the sap in a plant goes up in the spring and down in the fall? L. H. T.

A. The old conception was that as soon as the leaves drop from trees, the sap or moisture in a tree went down. This idea is false as all through the winter the roots of the tree are absorbing moisture. The highest sap content is just before the leaves start in the spring. It would be more correct to say that the sap is continually going up in a tree instead of down. The water content of a maple tree in the fall of the year is 27 per cent, in the winter 32 per cent, and just before the leaves appear in the spring 39 per cent.

Q. What is the origin of the word punch as applied to beverages? M. N.

A. The word of mixing wine of water, lemon juice, sugar, spice and water was brought to England from India and it seems to be named from the Hindi word punch, meaning five, referring to the usual number of ingredients.

French Suffrage Union President Will Tour U. S. to Aid Cause

Mme. Brunschwig, recently appointed president of the French Suffrage Union, is coming to the United States shortly in the interests of the cause in her country and study women's activities in this country.

CHRISTMAS TOYS COME FROM EVERY NATION TO SALEM

Representatives of every country on the globe come to Salem at Christmas time in the guise of toys for youngsters. For Toyland copies of all the animals of the world's menagerie in wood and glass and metal and contribute them as playthings among the young folks of the civilized world.

In Salem people have started earlier than ever before to make their toy purchases before the stocks are depleted. Local merchants, meeting this year's unprecedented trend toward early Christmas shopping, placed their complete toy stocks on sale earlier than ever before.

The science of modern mechanics, the power of mammoth factories, the outputs of singing sawmills. The materials from mines and the forests have been devoted to the homely art of making toys for the kiddies. A great industry has thus been erected an industry that does an aggregate

business of many millions of dollars, in order that Salem youngsters may play with new and novel toys on the 25th of December.

Time was when the major part of the American toy supply came from Germany. For centuries, certain villages and sections of that country have specialized in toy production. More recently, in the United States toy manufacturers have utilized the services of mechanical automatons to complete against the cheap labor of the German toy shops. American toy factories have surpassed the foreign toy makers in the production of mechanical playthings and the higher priced toys.

More than 29,000,000 feet of American trees are used each year in the toy shops and factories of this country. Many millions of additional

playthings are made of metal, rubber and celluloid.

And now stores of Salem are showing myriads of these toys for the edification of the youngsters of this city.

COUZENS FIGHTS TAX COLLECTION OF 40 MILLIONS

Washington, Dec. 8.—The minority stockholders in the Original Ford Motor Car Company, of which Senator James Couzens of Michigan is the foremost, have retained two ex-counselors for the presidency to fight the treasury's efforts to collect \$19,000,000 in back taxes. It was disclosed here today. Their array of counsel will include Charles Evans Hughes and John W. Davis.

Beyond confirming today that he had been retained, Hughes declined to discuss the case. Other lawyers in the case, he said, had retained him in a confidential capacity.

Couzens-alone is liable for \$11,000,000 of the amount, according to the action started by Secretary of the Treasury Mellon.

SOCIETY

Elect Officers

Mrs. W. A. Leatherberry's Sunday school class of the First Christian church had a most enjoyable meeting Monday evening at the church. Songs, speaking and talks entertained. An interesting feature was the opening of a Christmas box and the exchanging of gifts. The members of the class presented their teacher with a lovely gift.

At this meeting officers were elected to serve for the coming year. They are: Mrs. J. E. Rentz, president; J. Sara Fitzpatrick, vice president; J. S. Rentz, secretary; W. A. Leatherberry, treasurer; Mrs. W. W. Kyle, pianist; Mrs. Elma Farmer, flower superintendent.

The meeting was closed with a prayer by Mrs. Lillie Greenmeyer. The members will meet again the first Monday evening in January.

Music Study Club

Nineteen members of the Music Study club attended a meeting Monday afternoon at the home of Mrs. L. T. Drennan, North Union st.

Chapter five of the study book, "Piano Music," was given by Mrs. Lowell W. King and Miss Hilda Franke. The program was composed of these numbers:

Beethoven Sonata Pathétique, Mrs. J. W. Hendricks; paper, "Beethoven and His Forerunners," Miss Florence Schnorrenberg; Beethoven Fifth Sonata, Mrs. Paul Covert; Christmas carols were sung by the club. The next meeting of the club will be on Jan. 11.

Three Links Social Club

There was an attendance of 50 in the members of the Three Links Social club and their families at the party given by the club Monday evening at the Odd Fellows hall. Card games and dancing were enjoyable diversions. During the social hours a lunch was served which contributed to the pleasure of the company.

On Monday evening, Dec. 14, the club will hold a guest dance and the Melody band will furnish the dancing program. There will be no meeting on the 21st.

Housewarming

Mr. and Mrs. Howard F. Itz were pleasantly surprised Monday evening when a company of 20 of their friends called on them in their new home, McKinley ave., to give them a housewarming. The guests presented them with a lovely gift. Bridge games entertained and at the conclusion of the evening's pleasure a lunch was served.

Monday Afternoon Club

Mrs. H. A. Greiner entertained her associates of the Monday Afternoon club at her home, Lincoln ave., Monday afternoon. Needlework and visiting occupied the hours.

Dr. Stanton Heck is in Cleveland attending sessions of the Radiological Society of North America, an organization of prominent x-ray surgeons of the United States and Canada.

Mrs. W. H. Weiserber and daughter, Miss Elsie of Youngstown, visited with friends here Monday afternoon.

GOV. FERGUSON WILL NOT CALL EXTRA SESSION

Austin, Texas, Dec. 8.—There will be no special session of the Texas house of representatives for the purpose of investigating and impeaching, so far as Gov. Miriam A. Ferguson is concerned.

In a statement issued today in response to a petition presented to her by speaker of the house, Lee Satterwhite and 44 other members that she call a session not later than Dec. 19, to convene on Jan. 4, next, the governor said:

"I have decided that I will not call the session as do not want to put the people to this extra expense at this time when every effort should be made to hold government within due bounds of economy."

Is Jazz Necessary To The Recreation Of Young America?

Washington, Dec. 8.—Is "jazz" necessary to the recreation of young America?

This is the question the department of labor has set out to solve through a nation-wide study of the recreational needs of the adolescent boy and girl. It will be conducted by the children's bureau of the department of labor. Secretary James J. Davis announced today.

As a part of the program the department of labor will study of the recreational needs of the adolescent boy and girl. It will be conducted by the children's bureau of the department of labor. Secretary James J. Davis announced today.

The survey will deal chiefly with the kind of supervision or control of public amusements which has been found effective, the type of community recreation which has appealed to and held young people, and the various experiments, successful and unsuccessful, which communities have tried in the development of work along these two lines.

Mayor-Elect Walker Prepares for Work

New York, Dec. 8.—Mayor-elect James J. Walker, back from a vacation in Florida, today plunged into work preparatory to his taking over the reins governing New York City on January 1.

"I had a good time and I'm delighted to be back," Walker said. "I am anxious to get down to business now—to make New York a well-governed city."

Harold Lloyd's Their Favorite Comic

The baby seen nestling so securely in her mother's arms has one of the world's highest priced comedians to amuse her every day. She is Gloria Lloyd, daughter of Harold. Her mother, Mildred Davis, is now appearing in pictures for the first time since Gloria made her debut in the world.

FIND BELL GUILTY OF EMBEZZLEMENT

Pittsburgh, Dec. 8.—A jury composed of five women and seven men today found John W. Bell, aged coal magnate and bankrupt financier, guilty of embezzling more than \$600,000 in funds of the Carnegie Trust Company, his defunct bank.

The jury deliberated only 36 minutes.

Confesses He Killed Shoe Manufacturer

Zanesville, Dec. 8.—The murder of G. Harvey Geist, local shoe manufacturer, two months ago is solved by the confession made today by James J. Mercer, 29, who says his home is at 358 Terrace ave., Steubenville. Mercer was brought here from Parkersburg, W. Va., this morning and lodged in the city prison. He will be arraigned today and says he will plead guilty.

"I did it and I'll do what the judge says. It's up to him," he said this morning. He said he killed Geist with a "billy" made of a stocking with a cake of soap in the toe of it. He robbed his body of \$65 and then threw the body in the canal, where it was found the next day after his disappearance was reported.

Sermon On Second Coming of Christ

Only those who are walking in the light of the Holy Ghost are ready for the second coming of Jesus Christ, according to Rev. C. E. Haworth, pastor of the First Friends church, who preached a sermon on the second coming of Jesus Christ Monday evening at the evangelistic service at this church. Rev. Mr. Haworth emphasized the importance of being ready to meet Christ but he did not fix any date for his return.

A men's quartet from the Friends church at Reboit will sing at the service Tuesday evening, and there probably will be others from that church come with them.

Goodbye, Silk Hat

London, Dec. 8.—Opera hats and silk hats are now in the discard. As well dressed men accept the formality of full evening dress in lieu of dinner jackets, they are acquiring head comfort by wearing informal black felt hats.

Bees Not Permitted to Roam at Large

In the great plum-growing districts of northern California bees are being caged with the trees to insure pollination of the blossoms with pollen only from other trees of equal quality, says Popular Mechanics Magazine. Much loss has been occasioned to growers in the past due to cross-fertilization of their pure-bred plums with pollen from wild species and inferior varieties of the domestic fruit, resulting in a crop of poorer grade and smaller size. A framework covered with strong mosquito net is built around each tree and a hive of bees is installed in the enclosure when the blossoms begin to appear. Freshly cut loaves from plum trees of equally good grade with the one caged are supplied to the insects each day and from these blossoms the little workers carry the pollen to their home tree. Lanes have also been equipped with sheets so that an entire orchard can be covered with the inclosures in a short time.

ABOUT TOWN

Attends Board Meeting

Dr. Edwin S. Collier, who is a member of the board of trustees of Ohio Wesleyan University, drove to Delaware Tuesday to attend the semi-annual meeting of the board. He was accompanied by his daughter, Miss Elizabeth, who will be the guest of her sister, Miss Margaret Collier, who is a senior at the university.

City Hospital Notes

Game Association Meets

Plans for the first work on Guilford state park next spring were discussed by delegates of the Columbiana County Fish and Game association in Lisbon Monday night. A request has been made to the state highway department to tell the association when work will start at the park.

High School Notes

At an assembly Tuesday morning at the Salem High school, Coach Springer announced the schedule for the interclass room games. The latter part of the assembly was given over to the singing of Christmas carols, led by Miss Grace P. Orr, director of music.

To Install Officers

The newly elected officers of Salem lodge No. 68, Women of the Mooseheart Legion, will be installed at a special meeting of the Moose women Wednesday evening.

ALICE SPEEDING SOUTHWARD; KIP ALSO IS MISSING

New York, Dec. 8.—Alice Jones Rhinelander, victor in the marriage annulment suit brought by her aristocratic husband, Leonard Kip Rhinelander, is speeding toward the south today.

Alice left New York on a Florida bound train yesterday. It was learned, with Miami, Jacksonville and Tampa as possible destinations. Her mother, Mrs. George Jones, accompanied her.

Alice's negro father alone in his New Rochelle home today admitted he knew where Mrs. Rhinelander was bound but declined to reveal her destination.

Young Rhinelander has also disappeared.

Playwrights Fight Companies Plan To Obtain Film Rights

New York, Dec. 8.—Steps were being taken today by leading playwrights of the country to block the plan of the Fox film corporation to obtain film rights to plays by financing producers.

Nearly 50 playwrights met in secret conference and appointed a committee "with power to act" to go into the matter.

It is understood some of the playwrights declared unless the situation is adjusted they will cease to write for the stage.

It is hinted there is a possibility the playwrights will line up with the American Federation of Labor and bus ally themselves with the Actors Equity association.

The situation is regarded by the playwrights as serious. It is said that not only is the Fox company offering to finance plays produced in exchange for the film rights, but other big motion picture companies are planning similar action last they intend themselves cut off from the source of supply.

The playwrights figure that such action will stifle all competition in writing for the author's share of the rights.

NEW AIR SERVICE BILLS INTRODUCED

Congressmen Determined to Enact Some Of Mitchell Recommendations

Washington, Dec. 8.—Congressional interest in the air service controversy, and the apparent determination of many members to enact some of Col. Wm. Mitchell's recommendations into legislation, was reflected today in a veritable shower of bills dumped into the new sessions—all designed to make changes in the existing air arm of national defense.

A score of bills affecting the air service were thrown into the hopper of the house on the opening day, and when the senate barriers went up today there was another rush to the starting line.

A spirited fight will be conducted to make the air service a separate branch of national defense, as advocated by Col. Mitchell. That much is assured.

A new cabinet position, the secretary of national defense, would be created and the present cabinet posts of secretary of war and secretary of the navy would be abolished along with their present assistant secretaries.

The bill would provide for the new air force by transferring the present army air service and navy bureau of aeronautics into the air section of the new department.

It's Expensive To Carry A Hip Flask

It's expensive to carry a hip flask in Salem.

William Finley found it so Monday night when Acting Mayor D. L. Augustine fined him \$100 and costs for possession of a small bottle of liquor. Finley was also fined \$25 and costs for disorderly conduct.

The man was arrested on Broadway Sunday night by Patrolman Jesse Gray after persons had phoned to police that Finley was creating a disturbance.

Finley was unable to pay his fines and is in jail.

Eastern Stars To Install Officers

The Masonic lodges, Perry lodge No. 185 and Salem City lodge, F. & A. M., have accepted an invitation to attend the installation of officers of Salem chapter No. 334, Order of Eastern Star, at 8 p. m. Thursday in the Masonic temple.

John Noble, past worthy patron, will be the installing officer. A number of guests from out of town are expected to be in attendance.

At the meeting of the chapter Monday evening two candidates were initiated.

would in all probability prove futile."

No Price Fixing

AGRICULTURE—Congress should attempt no legislation of the price-fixing variety, either directly or indirectly. The condition of the farmer today is considerably improved, but there are still numerous sore spots that can better be reached through co-operative effort than by any other method.

A bill to foster and promote co-operative marketing will be introduced by the administration.

"There is every reason to suppose," said the president, "that a new era in agricultural prosperity lies just before us, which probably will be unparelleled."

PROHIBITION—The various states should do more work in enforcing prohibition, and not leave the federal government to do it all. The constitution puts a concurrent duty on the states. "I request of the people observance of the public officers continuing efforts for enforcement, and of congress favorable action on the budget recommendations for the prosecution of this work."

RAILROADS—Congress should pass legislation permitting wider consolidations under the supervision of the Interstate Commerce Commission.

The railroads as a whole are prosperous, and relations between management and labor are the best in years.

Urges Continued Economy

ECONOMY—Strict economy in public expenditure should be continued, with the end in view of retiring the public debt. Taxes cannot be reduced much lower until the enormous annual interest payments are eliminated, and this can only come by reducing the debt.

The Democratic proposal that the public debt be retired in sixty-two years instead of twenty-five, in order to allow more tax reduction, Mr. Coolidge considered unsound and expensive in the long run.

FOREIGN DEBTS—Two debt agreements with Italy, Belgium, Czechoslovakia, Estonia, and Latvia, should be promptly ratified. While in the case of Italy and Belgium the terms are more lenient than the government desired, "they represent the best that can be done and the wisest settlement that can be secured."

"Wherever sacrifices have been made of money, it will be more than amply returned in understanding and friendship."

WORLD COURT—Under the reservations already proposed, the senate should promptly vote American adherence to the World Court.

"The court appears to be independent of the League of Nations—it could so on functioning if the League disintegrated."

America, the president said, would not be bound by advisory opinions rendered by the Court, either morally or legally.

ALIEN PROPERTY—The present status of German-seized property should NOT be altered while negotiations for its final disposition are proceeding.

"For the present we should continue in possession of this property which we hold as security for the settlement of claims due our people and our government."

OBITUARY

Henry Wire

Henry Wire, 69, of New Middletown, died Monday night of paralysis. Fourteen years ago Mr. Wire, who was a carpenter by vocation, fell off a scaffold, and since that time had suffered from paralysis.

He was born and spent his life at New Middletown. Surviving are his widow, Celeste Wire, one daughter and three sons, Mrs. David Klepfer and Floyd and Paul Wire, of New Middletown, and Willis Wire, of Columbiana, and one brother, Eli Wire, of Lowellville.

Mr. Wire was a member of the old Springfield Lutheran church and the funeral service will be held there at 2 p. m. Thursday, in charge of Rev. Mr. Probst; interment will be in the Petersburg cemetery.

Funeral for Mrs. French

Rev. R. F. Mayer, of Mt. Vernon, former pastor of the M. E. church here, and Dr. E. S. Collier, this city, and charge of the funeral service for Mrs. L. B. French held Monday afternoon at the home, McKinley ave. Interment was in Grandview Burial park.

Among those in attendance were Mr. and Mrs. Rolland French, South Orange, N. J.; Mrs. Hannah L. Walker, West Chester, Pa.; Mrs. Lloyd Jones, Harrisburg, Pa.; Edward De-weese, Irwin, Pa., and Mrs. Mayer. Others from out of town were from Lisbon, Damascus and Winona.

Big Increase Shown
In Postal Receipts

Washington, Dec. 8.—Postal receipts, regarded as a barometer of business conditions, showed an increase of 13.9 percent in November, 1924, in 50 industrial cities, the post office department announced today. The totals were \$2,970,365 and \$2,626,616, respectively.

The largest increase was reported by Tampa, Fla., amounting to 44.06 percent, the totals being \$88,359 in November as compared with \$61,334 in November, 1924.

Toronto—James Connors, 90, one of the oldest residents here is dead.

Alive to the fact that "faith healing" has become a vital issue in Church of England, Arch. Bishop of Southwark, to head a committee of six clergymen and six physicians which will deal with health questions, birth control and spiritual care of the insane.

Children's Night Coughs
Stopped at Once

Children very frequently have spells of night coughing due to bronchial irritation, or while suffering from colds. These coughing spells, if not quickly checked, are very injurious to the child's health, to say nothing of the annoyance to others. Now at last these night coughing spells can be quickly and safely checked at once with one swallow of a new prescription called Thoxine. Unlike more cough mixtures, Thoxine gets at the cause. Coughing stops almost like magic. Also guaranteed to end sore throat within 15 minutes, or money refunded. No chloroform or other harmful drugs. Try Thoxine tonight. 35c, 60c and \$1.00. At Lease Drug Co., Flogging Drug Store, Bolger & French and all other good drug stores.

AUTO TAG FUNDS
ARE DISTRIBUTEDSalem Receives \$56 As Its
Share; County Gets
\$10,000 Gas Tax

The last settlement for the current year as it has to do with the sale of 1925 automobile license tags has been made by County Auditor Charles E. Hamilton and no more funds from this collection will be made until February. Sale of 1926 auto licenses will go in as a part of the January receipts.

The last distribution has been made as follows: East Liverpool \$190; Westville \$54; East Palestine \$19.18; Salem \$56; Leetonia \$4; Columbiana \$12; Waterford \$4; Lisbon \$8; Salineville \$4; Washingtonville \$8.

There was no distribution of auto license money for Rogers or Kanton.

A check for \$10,000 has also been received by Auditor Hamilton from Columbus as the Columbiana county share of the distribution of gasoline tax money. This money has been credited to the county road maintenance fund. The first check the

county received from the gasoline tax fund was for \$6,500. No record is available at the office of Auditor Hamilton how much money the different municipalities received from the gasoline tax distribution, as these checks are sent direct to the different taxing districts from Columbus.

Struthers—Fines, costs and licenses collected in Struthers in November amounted to \$806.60, Mayor Hans P. Johnson's report to city council showed.

Manufacturers Ask Congress To Act On Important Questions

Washington, Dec. 8.—A petition for consideration of "eleven important questions of public policy" was sent to congress today by the National Association of Manufacturers.

The recommendations made by the association were:

Take the government out of private business; reduce taxation; reorganize the government departments; allow the railroads to earn a proper revenue; extend the experimental immigration plan of examining prospective immigrants abroad; modify the restrictive merchant marine laws to allow American operators sufficient leeway in competition with other nations; extend the Federal Reserve system to a 99-year period; enter an international court of "proper scope;" continue present tariff with adjustments; increase the compensation of federal judges; appointment of non-partisan federal tax commission.

One House Robbed, Another Is Burned

Lisbon, Dec. 8.—While fire was destroying the two-story frame dwelling of Rocco Romeo, West Water st.,

Lisbon, thieves broke a window in the rear of the new residence of Pote Opencar on the Lisbon Salem rd. went through the home in the search of money. None was found.

An overheated furnace caused the fire at the Romeo home.

NATIONAL LEAGUE ALL STARS NAMED BY SPORT WRITERS

New York, Dec. 8.—Having nominated Rogers Hornsby, of the St. Louis Cardinals, as the most valuable player in the National League for the season of 1925, the committee of baseball writers today made public its selections for an all-star National League team, based on performances during the past season.

The team was made up as follows:

Pitchers: Vance, Brooklyn; Lugo and Donohue, Cincinnati; Aldridge, Pittsburgh.

Catchers: Hargraves, Cincinnati; Wilson, Philadelphia.

First base: Kelly, New York.

Second base: Hornsby, St. Louis.

Shortstop: Wright, Pittsburgh.

Third base: Traynor, Pittsburgh.

Left field: Meusel, New York.

Center field: Roush, Cincinnati.

Right field: Cuyler, Pittsburgh.

Players were voted for only in the positions they occupied during the greater part of the season. In this way, Meusel, who got six votes, was placed in left field while Carey, of Pittsburgh, got eleven votes but failed to make the team because Roush, another centerfielder, got twelve votes.

GOODRICH LOSES TO ROCKY KANSAS

Buffalo, N. Y., Dec. 8.—Rocky Kansas, the veteran lightweight of this city, found his grail at the moat of his own castle here last night. He met Jimmy Goodrich, recognized title holder among the 135-pounders, and battered him slowly down to defeat through 15 rounds of earnest, if mediocre fighting.

Kansas won at least ten rounds of the battle, which in itself would have assured him of the title. But Rocky left no chance for doubt, for he piled up a lead on points that would have won the decision in any event.

It was Buffalo's first lightweight championship fight since Joe Gans, the old master, knocked out Frank Erne over in Port Erie in 1902. It was estimated that 12,000 milled their way into the auditorium.

There have been better fights for the lightweight title. Kansas has been fighting for 15 years and is now on the shady side of 30. He has been stopped by Benny Leonard and flattened by Luis Vicentini but he is as game as he is battle scarred.

knocked out Johnny Gueci, New York, third round.

At Bayonne, N. J.—Larry Estridge, New York, knocked out Freddie Krebs, Staten Island, fifth round.

At New York—Spencer Gardner, Newport, R. I., got the decision over Jack Jausner, New York, ten rounds.

The Ladies Aid of the Mission church held a meeting on Friday evening at the home of Mrs. Ed. Frankford, as a farewell for Mrs. John Fieldhouse, who will leave soon to make her home in Florida. There were 36 present. A covered dish supper was enjoyed and the evening pleasantly spent. Mrs. Charles Snodden will entertain the Aid in January.

Mr. and Mrs. T. C. Slack of Pittsburgh were over Sunday guests in the home of Mr. and Mrs. David Weikart. Mr. and Mrs. Fred Denner of Youngstown spent Saturday with Mrs. Denner's parents, Mr. and Mrs. F. L. Stouffer.

Mrs. Margaret Brown of Alliance, and Mrs. John Fieldhouse and Mr. and Mrs. Albert Spear of this place were entertained on Sunday in the home of Mr. and Mrs. H. L. McIntosh. Mr. and Mrs. W. L. Weikart and family spent Sunday with relatives at Akron.

Mrs. Harvey Baker and daughter Myrtle were Sunday guests in the home of Mr. and Mrs. Wm. Coffee at Salem.

The condition of Morris Reese, who is very ill with pneumonia, remains unchanged.

Mrs. Miriam Bailey and daughter Ida, and Mr. and Mrs. Matthew Field-

house and daughter Ida Mae, spent Sunday with Mr. and Mrs. Glen Davis at Leetonia.

Mr. and Mrs. H. J. Woods and family were Sunday guests in the home of Mr. and Mrs. C. R. Woods at Salem.

Mrs. Carl Weikart, Clara Waggle, Ray Stouffer, Harley Woods and Miss Grace Weikart were Leetonia callers on Monday.

Mr. and Mrs. Donald Simpson and daughter Audrey of Salem were dinner guests on Friday evening in the home of Mr. and Mrs. Wm. Simpson in honor of Mr. Simpson's birthday anniversary.

U. S. DESTROYERS LEAVE WAR ZONE

Washington, Dec. 8.—The American destroyers, Lamson and Corahan, ordered to Beirut when the French began shelling Damascus, have been ordered withdrawn it was admitted at the Navy department today.

The ships were withdrawn because of French resentment at their presence in those waters.

Orders were dispatched to the senior naval officer, Capt. A. B. Fairfield, to withdraw to Alexandria, which is within short sailing distance of the trouble zone, and to remain there until Dec. 15.

If conditions then are quiet, it is probable the vessels will be ordered to rejoin the Mediterranean fleet.

WASHINGTONVILLE

The chicken supper and bazaar given by the members of Trinity Lutheran church, was a decided success. The receipts of the evening were \$270. A few articles are left from the bazaar which would make nice Christmas gifts.

A special collection taken at the Lutheran Sunday school on Sunday morning to help pay the debt on the basement, amounted to \$143; also a check of \$140 from Rev. Brandt which he had solicited from friends.

Mrs. Clarence Baker and son Robert are visiting her sister, Mrs. George Chantry, at Sharon.

A family gathering was enjoyed in the home of Mr. and Mrs. J. S. Davis

"GIRL FROM PANAMA"

Starting Wednesday night at the Grand there will be a musical comedy presentation. In addition to the feature picture, "The Lyric Revue" company will begin a four day engagement that night, with the first production, "The Girl From Panama." This musical comedy, produced down to about an hour's entertainment, will also be on the bill Thursday night. A change of bill will be made both Friday and Saturday nights. The company is headed by Jack "Snooze" Kline, comedian.

Monday night's picture was the delightful "Fresh Luck," Tom Melchior's story for Paramount. This picture will be shown again tonight.

"Secrets of the Night" Universal Jewel coming to the Grand Wednesday, is the screen version of the famous stage play "The Nightman" by Gay Bolton and Max Martin. It is a serio-comic melodrama full of mysterious situations and unexpected developments. James Kirkwood and Madeline Bellamy are the featured players in an all star cast which includes Zasu Pitts, Rosemary Theby, Tom Wilson, Joseph Singleton, Tom Ricketts, Tom S. Guise, Otto Hoffman, Arthur Stewart Hall, Herbert Blanche directed.

AT THE STATE

"In Lovers in Quarantine," her latest starring picture for Paramount, at the State tonight, Bebe Daniels convincingly bridges the gap between an ungainly, ludicrous child with a secret admiration for her elder sister's beauty to a beautiful, gorgeously gownned, poised woman who captivates that young fellow almost in spite of himself.

The story is a screen version of the Broadway stage hit "Quarantine," by F. Tennyson Jesse and includes Harriett Field in a featured role opposite the star. Other big names in the cast are Alured Lunt, Eden Gray, Edna May Oliver and Diana Kane. The picture brings Bebe to the screen as a mischievous young girl.

Joseph Conrad's epic, "Lord Jim," has been made into a motion picture and it will be presented at the State Wednesday and Thursday. Percy Marmont, Shirley Mason and Noah Beery have leading roles.

COMING ATTRACTIONS

Bob Ott's musical comedy stock company showing at the Columbia in Alliance this week, will come to the Grand here the week of Dec. 21. Manager Lakestraw announced Tuesday.

The company is one of the best on the road, being known as musical stock. A different play is given each night, enacted by a high class cast of players.

Ott is known to Salem theater patrons, for he has been here several times in the past five years. This year he has what he believes is his best company. The company plays Warren next week and will be here Christmas week.

LEETONIA

A large and appreciative audience was present at the annual Thanksgiving meeting of the Woman's Missionary Society of St. Paul's Lutheran church, held Sunday evening. The meeting was opened with an anthem by the choir. This was followed by responsive reading led by the president of the Missionary society, Miss Sue Bixler, and prayer by Mrs. Elmer Harrold.

Then a most excellent pageant, "Thanksgiving Gates," was given by 44 children and young people. This consisted of songs, recitations and tableaux. The "Thanksgiving" tableau was portrayed by Miss Agnes Cope, who had her attendants and

two gate keepers. Two solos by Misses Kathaleen Wolfgang and Catherine Cope were very prettily rendered. There were special recitations by Misses Kathryn Lodge, Margaret Brillhart, and Frances Tittler.

Mrs. H. C. Brillhart, who trained the members who did such splendid work in the pageant deserves much credit for her efforts. A very splendid offering was received for the evening, it being \$111.04.

The Sunday school offering for Sunday, Dec. 13, will be added to this amount, which will be used for the further spread of the gospel to foreign lands and home fields.

The Rev. Vincent Cleary, O. P., of New York City, opened a week's mission on Sunday evening at St. Patrick's Catholic church. Every morning during the week there will be masses at 5:30 and 7, and in the evenings at 7:30. A mission store will be held in connection with these services, the store to be opened in the morning from 8 to 9 o'clock and in the evenings from 6:30 to 7:30 and again after services. At 3 o'clock Sunday afternoon the mission will be closed.

Mr. and Mrs. Arthur Reese and family have moved into the Cushing property, 260 Columbia st.

Mrs. Ella Somers of Alliance, spent the past week at the home of her cousins, Mr. and Mrs. Lester Redford. Clyde Sipe has tendered his resignation at the Crescent Machine company's shops and will accept a position in Youngstown. He is leaving for this work this week. Mrs. Sipe and little son Frederick will remain at their home here for some time before taking up their residence in Youngstown.

Friends here have received word that Mrs. Minnie C. Martin of 3075 Lincoln Blvd., Cleveland Heights, will be taken to Mt. Sinai hospital for a serious operation. She has been in ill health for several weeks. Mrs.

Here's Recipe For Delicious Hard Sauce; Try It

Breakfast	DELICIOUS HARD SAUCE
Halves of Grapefruit	This is a delicious hard sauce and will make the plainest bread pudding a thing to dream of:
Buttered Toast	1 cup powdered sugar
Coffee	White of one egg
Corn Soup with Croutons	1/2 teaspoon salt
Radishes	1/2 teaspoon vanilla
Roast Pork with Dressing	Cream the butter until soft, add sugar, salt and vanilla, and cream
Mashed Sweet Potatoes	some more until the mixture is
Creamed Onions	smooth and soft. Then add the un-
Cranberry Jelly with Celery	beaten egg white and beat with an
Pumpkin Pies	egg beater until fluffy and light.
Supper	
Oyster Stew	Celery
Lettuce Sandwiches	Russian Tea
Fancy Cakes	

TODAY'S RECIPES

Cream of Corn Soup—One can corn, one quart whole milk, one slice onion, two tablespoons butter, two tablespoons flour, salt, pepper. Scald milk with the onion. Remove onion and add corn which has been put through sieve. Bind with butter and flour. Cook together. Season. Serve in hot little cups with spoonful of whipped cream on top.

Baked Sweet Potatoes—Boil potatoes until done. Mash and add two tablespoons butter, hot milk, salt. Beat well. Put in casserole and pour over three tablespoons maple syrup. Top with whole marshmallows and put in oven to brown.

Cranberry Jelly with Celery—Cook four cups berries with one cup boiling water 20 minutes. Force through strainer. Sweeten with two cups sugar. When cool and slightly thickened, add one and one-half cups celery cut in small cubes. Pour in individual molds and chill.

Russian Tea—Make tea as usual. With it serve a plate of lemon sliced, cloves, red cherries and green cherries attractively arranged.

SUGGESTIONS

Covering once cook books with oil cloth is a most satisfactory way of keeping them clean as those spots which are bound to splatter on can be removed in a moment with a damp cloth. The oil cloth is applied similar to the paper cover in a child's school book but sewed in place instead of pasted.

LATEST IN STYLE FOR WOMEN

Paris, Dec. 8.—The sweater is invading every known realm of women's wear this season, having become so varied in style and material that it is no longer confined to the sports sections.

The sweater is even to be seen at smart evening affairs, that is they are sweater-like in form but are made of such beautiful materials one can hardly associate them with anything sport-like. Certain ones made of finest gold thread are spun like a spider's web and worn with gold lame skirts. Yvonne Lafond is wearing one of the new sweater-jumpers in softest gold lame in her new play of "Dibango," and under it a delightful pleated gold skirt.

One of the most charming for day

wear is the simple pull-over type made in fine jersey of a single color. Its V neck, lower border and side pockets are without trimming and it is much stiffened by wearing a white linen, frilled blouse underneath. Almost formal in appearance is the knitted sweater-jumper made in all colors of new wool, elaborately trimmed with bands of crepe de chine and finished at the neck with a knitted crepe de chine scarf. It is worn with a pleated skirt of crepe de chine in a harmonizing tone and the snug little hat that goes with it has trimmings like the jumper.

Laden Lelong has glorified the sweater frock and really made it something beautiful, cut on the new lines of the day. A charming model in brown and beige of finest wool has a box-pleated skirt and the blouse cut jumper form.

Free Booklet On Preparing Meat

Here is a new booklet that every woman will want.

It covers the following subjects: The selection of meat; food value of meat; care of meat in the home; general rules for cooking meat—broiling, roasting, pot-roasting, braising, boiling, and soupmaking. It contains a time and temperature table and charts of the various cuts of beef, veal and lamb.

It also tells what vegetables go best with different meats, suggests dinner menus and includes over one hundred tested meat recipes.

Does he smoke a pipe?

WELL, now, that makes it easy! Give him some Prince Albert—the finest smoking tobacco mortal man ever knew. His face will light up like a Christmas tree on the big, glad morning. And thereafter . . . !

There's the handsome pound crystal-glass humidor with the sponge-moistener top. All fussed up in holiday attire, with a space provided for writing "To" and "From" No further wrapping needed. Fine for home or office.

Then there are tin humidors in pound

and half-pound sizes, for home, office or shop. After all, it isn't the container but the wonderful tobacco it contains. Prince Albert . . . fragrant, mellow, cool-burning. The tobacco that makes every jimmy-pipe a pal for life.

Just write "P. A." opposite the name of every smoker on your Christmas list. That's the answer to your Christmas puzzle, so far as the men-folks are concerned. And, my, what a lot of pleasure it's going to mean. Not only to them, but to the giver!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch removed by the Prince Albert process.

Look at the U. S. revenue stamp—there are TWO full ounces in every tin.

PRINCE ALBERT

—no other tobacco is like it!

DEMOCRATS FACE TIGHT IN FILLING ED MOORE'S POST

Choice Of Successor May
Precipitate Klan And
Anti-Klan Fight

Highland, Dec. 5.—The sudden death of Edmund H. Moore, of Cleveland, and a prominent figure in the political life of the state, leaves the Democratic party today facing a problem in the selection of his successor.

W. W. Durbin, of Kenton, former chairman of the Democratic state committee, and George White, of Marietta, former chairman of the national committee, were mentioned as the unsuccessful candidates for the honor, when Moore was chosen for the fourth successive time as member of the national committee at the historic convention held in New York last year. It is quite probable that friends of these men will again advance their names and it is not possible today that the choice of his successor, which will be made by the Democratic state central committee, may precipitate a bitter Klan and anti-Klan fight.

Two of Tragedies
Moore was an anti-Klanman. He was also allied with the more liberal elements of the party. Both Durbin and White are dry, and it was thought possible that neither might prove satisfactory to the larger cities.

His death completes a trio of tragedies that have removed three outstanding Democratic leaders and close associates within a year. John A. O'Dwyer, Democratic leader of Lucas county, and Thomas J. Noctor, who unopposed Lewis Bernard as Democratic "boss" of Hamilton county, preceded him in death. Incidentally Moore's death may pave the way for quiet support for any presidential aspirations which Gov. A. V. Donahey may harbor. The governor and Moore have not been friendly since 1922 when in the closing days of a hectic gubernatorial campaign, Donahey attacked Moore in a speech delivered here. Moore replied with a peppery statement, and nearly 1,000 Mahoning county friends wrote him on the Democratic ballot as a candidate for governor. Donahey, however, was elected, defeating Col. Garret Thompson, of Cleveland.

Had Moore lived it was considered probable that he would have been the Ohio manager for Gov. Al Smith of New York, who was his close personal and political friend.

William Allen White Booklet On Reading With Purpose Here

"Should we clean up Mexico?" "Should we exclude the Japanese?" "Should we allow the radicals to agitate freely?"

These are some of the issues William Allen White raises in a reading course "Conflicts in American Public Opinion" of which he is joint author with Walter E. Myer. This is the sixth booklet in the series "Reading with a Purpose" being published by the American Library association and circulated by the Salem Public Library.

Instead of taking sides upon the questions advanced the authors have recommended six books from which an understanding of these and similar questions may be gained, and from which an intelligent opinion about them may be formed by the reader.

Like "Conflicts in American Public Opinion," each of the other courses in the "Reading with a Purpose" series introduces a subject and recommends a few books to direct the reader's interest. Thus far the following titles have appeared: Biology, English Literature, Ten Pivotal Figures of History, Some Great American Books and Sociology and Social Problems.

COLUMBIANA

Sunday was "Honor day" at the Columbian church. Following the morning service, a covered dish dinner was served in the basement, and those members not present were visited by a committee with regards to raising the annual budget funds for the church expenses.

At the Presbyterian church an il-

lustrated Christmas story, "The Other Wise Man" was presented in connection with the regular evening service. The L. L. class of this church closed a successful bazaar Saturday. A number of young people of the church attended a conference at the First Presbyterian church of Alliance, Saturday, including Mrs. R. C. Dietrich, daughter, Marjorie, the Misses Elizabeth Francis, Miriam Detwiler, Jane Baughman and Ruth Walker, and Rev. J. C. Strubel.

Indigestion Had Him Three Years

Miserable Clutch Finally Broken, However, By Dr. Thacher's Liver and Blood Syrup, The Old Reliable, Declares Enthusiastic Florida Merchant

Evidence daily accumulates supporting the reputation of Dr. Thacher's Liver and Blood Syrup as a reconstructive tonic of remarkable power and a general remedy for stomach trouble, torpid liver and impoverished blood.

One of the most interesting statements to this effect is furnished in a personal communication received by the manufacturers from J. M. Baggett, Jr., of J. M. Baggett & Co., general merchandise of Blackman, Fla., who writes:

"I have been in business here for twenty-five years and have sold the Thacher Remedies twenty years and never have had a single complaint about them. Thirteen years ago I had indigestion and was under treatment for that and liver trouble three

years, but as I didn't get any better I quit and started on Dr. Thacher's Liver and Blood Syrup, which I continued to take till completely relieved.

"I am fifty-five years old and feel as well and strong as a man of thirty-five. A few days ago I recommended Dr. Thacher's Liver and Blood Syrup to a young man who had been under treatment for kidney trouble without much success. He took a bottle and it did him so much good he was soon back to two more."

There is no doubt that this preparation has made a distinct impression on this community. Its remarkable record here and elsewhere is nothing short of a sensation, and the wonderful relief obtained by so many who have been taking it is a general theme of conversation among all classes.

Mrs. R. J. Esterly and family, Mr. and Mrs. C. P. Esterly and son, John, Rose, Mr. and Mrs. Will Wallace and Mrs. Margaret Haverley were guests Sunday at Alliance with Mrs. Alice Sample and Mr. and Mrs. Russell Esterly.

Alvin Knopp and Dr. P. H. Feiger, accompanied by Lloyd Printz of New Springfield, returned the last of the week from a hunting trip in Pennsylvania.

Grant Culp has resigned his position at the Bell & Morris grocery and accepted a similar one at the Metz grocery on South ave., Youngstown. He has been succeeded here by Hiram Bell, son of Mr. and Mrs. Ross Bell of New Waterford.

Mrs. Ross Gilbert and children of Lisbon, were guests Saturday of the former's mother, Mrs. Thomas Lyon Union st.

Mrs. Ert McCurry, who recently submitted to an operation for appendicitis, at the Salem hospital, was brought to her home here Saturday, and is reported as convalescing satisfactorily.

Postmaster G. G. Padden has been hunting in the Pennsylvania mountains for the past week.

R. E. Mathers purchased the property of the late Mrs. Ada Keller at the public sale Saturday, for an investment.

Miss Mildred Lodge of Alliance, spent the week end at the home of

her parents, Mr. and Mrs. David Lodge.

Mr. and Mrs. Henry Myers motor ed to Dunkirk, N. Y. Sunday, to visit with relatives.

Mr. and Mrs. Dewey Siler and son Donald, of Youngstown, were guests Sunday of the former's parents, Mr. and Mrs. F. R. Siler, South Main st. Mr. and Mrs. George Webb were in Leetonia Sunday visiting with relatives.

Mrs. Pauline Bomberger was the guest of friends in Salem Sunday. Miss Alice Wilderson of Canton, called on friends and relatives here over the week end.

Columbiana has at least one shop whose business is better than at any

time in the past year. The Columbian Boiler Co., is working overtime and has orders at hand to last into February.

Mrs. Jennie Snider of Youngstown visited Thursday at the home of Mrs. Irene Troil and family, North Main st.

Brooklyn—When the steamship Western Clave arrived here it had aboard a stowaway in the shape of a long-necked, funny-billed African crane, which joined the ship 1,200 miles out at sea and has adopted the second mate as his particular friend.
